Financial Policy

Thank you for choosing Cary Orthopaedic for your orthopaedic care needs. We are committed to providing you with the highest quality care in a transparent and cost effective manner. We feel that a clear understanding of our financial policies will help foster this goal and maintain the quality of customer service we strive to provide our patients. Please do not hesitate to contact us if you have questions regarding our policies.

Insurance Card: As a courtesy to our patients, we will gladly file your insurance. In order to do this, we require a current copy of the patient's insurance card at each visit. We will scan your card(s) and photo ID for our files. If you do not have proof of insurance at the time of your visit, and wish to be seen by one of our providers, you will be required to pay for any incurred expenses during that visit at the time you check out.

Co-Payments/Co-Insurance /Deductibles: Cary Orthopaedic requires our patients to leave a bank card or credit card on file for payment of all co-payments, co-insurance, deductibles and outstanding balances. **If you are having surgery or are scheduled for an in office procedure, your insurance benefits will be verified prior to the procedure and an estimate of the cost will be provided to you. This estimate does not include charges for anesthesia, facility, facility related charges, DME or hardware, or rehabilitation services: you will be billed separately for these service by the facility or rendering provider.** We gladly accept Visa, Mastercard, Discover and American Express. If you choose not to leave your card on file, you will be required to pay for your visit in full at the time of service, when you check out. As an added convenience, Cary Orthopaedic does accept **Care Credit****, checks and cash as a form of payment.

Insurance Claims: Your insurance benefits are a contract between you and your insurance company, but we will be happy to file your insurance for you. In order to properly bill your insurance company for the services we provide, we require that you disclose all insurance information including primary, secondary, and tertiary insurances, as well as any recent changes in your insurance information or status. As noted above, if you do not have proof of active insurance at the time of your visit, but wish to be seen by one of our providers, you may pay out of pocket for any expenses incurred on that visit. Payment is due at time of service. Although we will always provide a good faith estimate of the amount that your insurance may or may not cover, it is the insurance company that makes the final determination regarding your eligibility and benefits for service. We **do not** file third party insurance, such as automobile or liability insurance.

Referrals/Authorizations: If your insurance company requires a referral and/or preauthorization for any services we provide, please inquire about how to obtain this approval from our business office staff or our billing department, and we will be happy to guide you. Lack of required authorization may result in a denial of payment by your insurance company, and the balance would become the patient's personal responsibility.

Self-Pay Accounts: Self-pay accounts are patients without insurance coverage, patients covered by an insurance plan Cary Orthopaedic does not participate with, or patients without an active insurance card on file with us. As noted above, Cary Orthopaedic requires our patients to leave a bank or credit card on file for payment of all balances. If you choose not to leave your card on file, you will be required to pay for your visit in full at the time of service, when you check out. As an added convenience, Cary Orthopaedic does accept **Care Credit***, checks and cash as a form of payment.

Missed or Cancelled Appointments: Cary Orthopaedic will add a \$50.00 charge for any no-show or cancelled appointment for office visits that are not cancelled within 24 hours of the appointment time. We will add a charge of \$75.00 for any no-show or cancellation of an in-office procedure without a 24 hour notice.

Divorced/Separated Parents of Minor Children: The responsibility for payment of services rendered to any dependent children whose parents are legally separated or divorced lies with the parent who physically brings the minor to the appointment. Payment is due at time of service.

Returned Checks: Cary Orthopaedic will charge a patients account \$25.00 for any returned check by your bank. This will be payable by cash or money order only. This fee will be in addition to any previously accrued expense.

Collection Accounts: Cary Orthopaedic makes every attempt to avoid turning a patients account over to an outside collection agency. In the event the account is sent to outside collections, the person who is financially responsible for the account will be responsible for all collection costs, including attorney fees and court cost. Patients accounts who have been sent to collections cannot schedule an appointment until the collection balance is paid in full.

Bankruptcy: Any patient whose account is written off due to bankruptcy will not be allowed to continue to receive services from a Cary Orthopaedic. Upon your written permission, we will be happy to provide you or those you designate a copy of your medical records.

Account Refunds: Cary Orthopaedic makes every attempt to provide a good faith estimate of the cost of services we provide. In the event that we over collect for these services, we are happy to provide a timely refund after all services have been properly adjudicated by your insurance company and the balance of the account has been paid in full. Cary Orthopaedic writes refunds checks once monthly as necessary.

Lost/Expired/Damaged Refund Checks: Cary Orthopaedic will charge a \$25.00 fee for all lost, expired, or damaged refund checks that have to be re-written. This fee will come out directly from the amount of the original refund check and will be re-written during the course of the monthly refund process. Cary Orthopaedic writes refunds checks once monthly as necessary.

I have read and understand the Cary Orthopaedic & Sports Medicine Specialist financial policy. I hereby authorize Cary Orthopaedic & Sports Medicine Specialists and its providers to bill my insurance as given. I understand that I am responsible for paying the deductible, co-insurance, copay and any non-covered services as determined by my insurance company and the above financial policy.

Credit Card on File Program Overview and FAQs

Effective November 5, 2018 Cary Orthopaedics & Sports Medicine Specialists will offer **Credit Card on File** to our patients. This is a new way for you to pay your balance without receiving paper statements from us. You will still receive your Explanation of Benefits (EOB) from your insurance company showing what you owe, according to your insurance contract.

Why the Change? With the changing environment of healthcare, more financial responsibility is being placed on patients. As a result, healthcare providers are seeing unprecedented levels of unpaid balances due primarily to increased deductibles. As a private practice, unfunded by the state or federal government, we cannot afford to write off higher and higher balances on a consistent basis. In addition, patients are often confused by their coverage and unprepared for the balances left by their policy. This leads to long, confusing and complicated collections processes often ending with their accounts being sent to an outside collection agency. This process is expensive for both the patient and the practice. The goal of **Credit Card on File** is to simplify the collection process and reduce the number of longstanding accounts being sent to collections.

What is Credit Card on File (CCOF)? CCOF is a system where we keep credit card information on file with a PCI compliant third party to process account balances. The credit card information is NOT kept on file in our office, or on any of our computers. We use a gateway that is completely HIPAA compliant as required by law. Once we receive the EOB for service rendered, we will process the balance owed to us. We will access the third party to process the payment.

Here is how it works: At check-out, we will still collect payment for your regular copay or deductible/co-insurance amounts. We will not usually know the exact amount that you will owe us, until we receive the EOB from your insurance company. This usually takes several weeks. However, we will provide you with an **estimate** based on your insurance plan coverage. Once we receive the EOB from your insurance company, we will charge your card for the balance owed, if any. The amount we will collect is the same amount you would normally receive a bill for in the mail. The difference is that you will not have to call into the office or write a check for payment. It will not cost you a stamp to mail the payment, or the time to make a call.

How will I know how much you are going to charge me? You will receive your EOB in the mail from your insurance company that explains the cost for the visit, how much they paid, and how much your financial responsibility will be, according to the terms of your insurance plan. We receive the same letter that you do. It usually arrives within 15-30 days from the time we file the claim. We look at each EOB carefully and see what your insurance company has assigned as your patient responsibility. This is the same way we would determine how much to bill you via mail.

What if I cannot afford the whole balance? Cary Orthopaedics & Sports Medicine Specialists will be happy to set your account up on a payment plan. If you need to make partial payments over several months, CCOF will conveniently provide this option. You will be required to sign a CCOF payment plan authorization that will be applied to your patient account using the card on file. Payment plans will be set up for a maximum of six months and in the amount specified by the Cary Orthopaedic Payment Plan Policy.

How can I trust that you will keep my credit information safe? We do not keep any credit card information on file in our office or on any of the computers we have. We use a secure gateway that is compliant with encryption standards as required by law.

I have two insurances and am covered at 100%, so I will never have a charge. Do I still need to give you a credit card? Even with multiple insurances, there are often times a patient still has some financial responsibility. Please keep in mind that we will not charge your card if you do not owe anything.

What if I need to dispute my bill? We always work with our patients to help them understand their EOB. We will refund your account based on the Cary Orthopaedic refund policy, via the same credit or bank card you have on file. We will only charge your card the amount we are instructed to collect by your insurance company.

What if I chose not to participate? Any patient who chooses not to participate will be required to pay the balance in full at the time of the visit. Our staff will make every effort to provide an **estimate** of the charges due for that day based on information provided by your insurance carrier. Patients who cannot pay the balance and do not participate in the **Credit Card on File** program will be required to pay all balances prior to making any future appointments.

I have read and fully understand Cary Orthopaedics & Sports Medicine Specialists Credit Card on File program and my options regarding this program. My signature below designates my understanding of the program and is not consent to participate.

Payment Authorization Form

Schedule your payment to be automatically deducted from your Visa, MasterCard, American Express or Discover Card is a convenient way to pay your medical bills, and in most cases will reduce the cost of mailing a payment. Just complete and sign this form to get started!

Here's How Automatic Payments Work:

You authorize Cary Orthopaedic to charge your bank card or credit card for any copay, coinsurance or deductible expenses incurred for treatment received by one of our healthcare providers. You will be charged the amount deemed your responsibility by your insurance company for each visit. You agree that no prior-notification will be provided, other than the EOB you receive from your insurance company. You understand that you will receive an email notification telling you the date of the transaction and the amount that was charged to your account.
